## **Orr Partners Announces Successful Renovation for Machine Aquatics**

**Reston, VA (December 17, 2012)** — Scott Siegel, Executive Vice President of [Orr Partners](#), Northern Virginia’s leading provider of owner's representation services, is pleased to announce that construction has been successfully completed for [Machine Aquatics](#) in Vienna, Va.

“This project was a great challenge and tested the creativity and skill of the entire project team. Machine Aquatics now has a unique facility unlike any currently operating on the east coast that offers tremendous swim training opportunities for swimmers of all ages and skill,” said Siegel.

The in-line retail space was reconfigured to provide space for three above ground endless pools, a new lobby area, shower and changing facilities, a dry land training area, and renovated office space. In addition to providing the company third party construction management services, Orr Partners also assisted with designer and contractor procurement, design, permitting, and owner vendor coordination.

Orr Partners LLC celebrates 25 years as the leading provider of owner's representation services. Specializing in complex project management, Orr Partners provides services for a diverse client base in multiple disciplines including education, religious, medical, healthcare, manufacturing, aviation, corporate tenant improvements and government work. Clients know that when they work with Orr Partners, their project will be on budget, on time, every time. For more detailed information, please email visit [www.orrpartners.com](http://www.orrpartners.com) or call 703-289-2100.
